Frequently Asked Questions

Q1. How do I know if I qualify?

- You will be asked to complete a Tuition Waiver Application form to disclose information and verify your identity through your signature. The institution will submit your completed application form to the Ministry of Advanced Education, Skills and Training for verification from the Ministry of Children and Family Development or from the Ministry of Social Development and Poverty Reduction. The verification process can take up to 4-6 weeks depending on the complexity of your records search.

Q2. For the current school year, some students have already paid. What happens for them?

- If you have already paid tuition and mandatory fees and are eligible for the Tuition Waiver Program, you will be reimbursed by your institution provided it is within the same study period. See **Q10: Can I claim a waiver retroactively?**

Q3. What are tuition fees and what is covered?

- All new SABC Tuition fees include all tuition and mandatory fees you pay to your institution to successfully complete the program/courses you are enrolled in. Students that qualify for the Tuition Waiver Program may also be reimbursed for their application fees.

Q4. Can I still access other/existing programs?

- The Tuition Waiver Program serves the specific purpose of waiving tuition fees for former youth in care and is not intended to replace existing programs. Other programs that help offset educational costs for former youth in care will continue. Contact your institution's financial aid office to determine eligibility for other programs and bursaries.

Q5. What if I am already receiving funding through another program (e.g., Youth Education Assistance Fund or Agreements with Young Adults), am I still eligible for a tuition waiver?

- Yes.

Q6. Where can I find information about the Tuition Waiver Program?

- Information is available on the Ministry of [Advanced Education, Skills and Training website](#) .

Q7. Tuition is just one piece. What other supports are available?

- Many institutions have various supports in place already. Please contact your Student Services Department or equivalent.

Q8. What happens if I must drop out after having my tuition fees reimbursed?

- You will be reimbursed by your institution, provided it is within the same study period, upon verification of eligibility by the Ministry of Advanced Education, Skills and Training. If you must drop out after the course/program drop date, you are not required to repay tuition.
