STUDENTAID BC ACCESSIBILITY PROGRAMS OVERVIEW

StudentAid BC (SABC) administers the integrated British Columbia and Canada Student Financial Assistance Program (CSFA Program) which provides joint provincial/federal loans and grants to British Columbia’s full and part-time post-secondary students.

SABC also offers a suite of provincial and federal programs as part of the Accessibility Supports Framework to assist students with accessibility challenges achieve success in their post-secondary education.

The purpose of this document is to provide the Accessibility Coordinator community at designated post-secondary institutions with a guide to administering the most commonly encountered accessibility related programs, their policy intent and the administrative steps and procedures required to successfully deliver them.

Effective Aug 1, 2022 for Program Year 2022/23 eligibility for SABC disability programs will include students with a verified Permanent Disability and students with a verified Persistent or Prolonged Disability.

Permanent Disability is defined as:
any impairment, including a physical, mental, intellectual, cognitive, learning, communication or sensory impairment - or a functional limitation - that restricts the ability of a person to perform the daily activities necessary to pursue studies at a post-secondary school level or to participate in the labour force and that is expected to remain with the person for the person’s expected life.

Persistent or Prolonged Disability is defined as:
any impairment, including a physical, mental, intellectual, cognitive, learning, communication or sensory impairment - or a functional limitation - that restricts the ability of a person to perform the daily activities necessary to pursue studies at a post-secondary school level or to participate in the labour force and has lasted, or is expected to last, for a period of at least 12 months but is not expected to remain with the person for the person’s expected life.

CANADA STUDENT GRANT FOR SERVICES AND EQUIPMENT - STUDENTS WITH DISABILITIES (CSG-DSE)

PURPOSE
The CSG-DSE is available to full-time or part-time students with verified disabilities who require financial resources for exceptional education-related services and/or equipment.

FUNDING INFORMATION
Eligible students can receive up to $20,000 in non-repayable student financial assistance for each program year that the student is enrolled in an eligible post-secondary program at a designated post-secondary institution.

ELIGIBILITY CRITERIA
To be eligible for the CSG-DSE a student must:
• Have a current/active StudentAid BC student loan application;
• Have a disability verified through submission of an Appendix 8 document (see COVID-19 section for additional information);
• Be enrolled in full or part-time studies at a designated post-secondary institution in an eligible post-secondary program; and,
• Demonstrate financial need through the StudentAid BC full or part-time application assessment process\(^1\)

**APPLICATION**

• Students apply for the CSG-DSE through submission of an Appendix 8 form ([https://studentaidbc.ca/sites/all/files/form-library/appendix_8.pdf](https://studentaidbc.ca/sites/all/files/form-library/appendix_8.pdf)) to SABC;
• For the 2022-2023 loan year SABC has discretion to accept equivalent, alternative forms of the signatures required of medical assessors, as well as any signatures required of students, Accessibility coordinators, or other administrative officials. This includes, but is not limited to, electronic signatures or official watermarks and stamps;
• Appendix 8 applications and associated medical documentation should be submitted through the document upload of the Student Dashboard, alternatively hard copy documents can be mailed to SABC;
• Allow 4-6 weeks for processing;
• Once eligibility for the CSG-DSE is confirmed, an approval letter will be uploaded to the student’s dashboard and emailed to the Accessibility Coordinator at their respective institution; and,
• If equipment/assistive technology are requested on the Appendix 8, Assistive Technology BC (ATBC) will contact the student and Accessibility Coordinator to determine the appropriate equipment/assistive technology.

**SERVICE REQUESTS**

Service requests are initiated by the institution Accessibility Coordinator using the CSG-DSE – Service Request Form ([https://studentaidbc.ca/institution-officials](https://studentaidbc.ca/institution-officials)). Accessibility Coordinators and students should ensure that requests meet the following requirements.

• Provide an estimate from the service provider that includes the service provider’s contact information;
• The Service Provider must have the appropriate qualifications to provide the service;
• A description of the service and information on service provision (including course name, course dates, hourly rate, and frequency of service);
• Service requests must be submitted by email to: dpu.studentfunding@gov.bc.ca; and,
• Subject line of email should read: Service Request for name (ex: Bob Smith).

Accessibility Coordinators and students should also be aware that:

• Service requests will be processed in received date order;
• Services not included in Table 1 require a rationale from the Accessibility Coordinator or qualified assessor describing how the service addresses an exceptional education related barrier and will be assessed on a case by case basis;

---

\(^1\) If the initial needs assessment does not result in at least $1 of demonstrated financial need (ie: the student does not qualify for a student loan), then the estimated costs for the recommended equipment and/or services can be included in the needs assessment. If the financial need is then calculated at $1 or more, the student is eligible for CSG-DSE funding only. To include equipment and/or services in the needs assessment, please submit a service request form including the student’s name and Student Loan application number to StudentAid BC outlining the equipment and/or services needed.
• Family member(s) MUST have prior approval from SABC before providing a service;
• Service Requests are processed term by term;
• Please include all the services for a student on one service request;
• SABC considers the services requested as being recommended by the Accessibility Coordinator;
• Once approved, an approval letter will be posted to the student’s SABC dashboard account and the requesting Accessibility Coordinator will be emailed a copy;
• A cheque payable to the student will be mailed to the care of the Accessibility Office at the post-secondary institution;
• Students will be notified the day after the study period end date to send in their receipts and/or unused funds, and will receive 30, 60 and 90 day reminders of outstanding receipts; and,
• It is preferred that all service requests forms be submitted at least 1 to 2 weeks prior to the student’s study period end date. In all cases, the CSG-DSE funding will not be issued after this date.

To avoid delays in processing, it is highly recommended that Accessibility Coordinators access the ATBC ATWIS Portal to confirm there are no current outstanding receipts associated with the student’s file. Service Requests with outstanding receipts will not be processed until all receipts and/or unused funds are returned.

To access the ATBC ATWIS portal please contact ATBC@at-bc.ca
A Listing of eligible CSG-DSE service types is available in Table I (see COVID-19 section for additional information).

SERVICE PROVIDER RECEIPT FORMS:

Service Provider receipt forms confirm funding was utilized for its intended purpose and must:
• Be complete;
• Have signatures of both the Service Provider and student (see COVID-19 section for additional information); and,
• Match the services that were indicated in the approval letter.

Unused funds must be mailed back by cheque or money order made out to:
MINISTER OF FINANCE
PO BOX 9173 STN PROV GOV’T
VICTORIA BC V8W 9H7
• Please ensure submission of unused payments are clearly marked “CSG-DSE repayment” and include student’s first and last names;
• SABC will not process service requests if there are outstanding receipts from previous services; and,
• Outstanding receipts or funds may impact the student’s future eligibility for CSG-DSE funding.

EQUIPMENT REQUESTS:

• The student/Accessibility Coordinator will contact ATBC to have a technology assessment plan prepared in consultation with the Accessibility Coordinator and the student;
• ATBC will identify and provide the equipment needed to address the identified accessibility related barrier(s) to education; and,
• Students will NOT be reimbursed for any technology and/or equipment purchases.
A Listing of eligible CSG-DSE equipment types is available in Table I (see COVID-19 section for additional information).

STUDENTS IN MIXED PROGRAMS (POST-SECONDARY AND NON POST-SECONDARY COURSES)
- CSG-DSE eligible students enrolled in both post-secondary and non post-secondary (Adult Basic Education [ABE], English as a Second Language [ESL] or Adult Special Education [ASE]) courses are considered to be in a post-secondary program for the purposes of CSG-DSE eligibility and can access CSG-DSE funds for equipment and/or services for both post-secondary and non post-secondary courses.

LEARNING DISABILITY (PSYCHO-EDUCATIONAL) ASSESSMENT REIMBURSEMENT COMPONENT
- Students who verify their disability status through submission of a Learning Disability Assessment (see COVID-19 section for additional information) can apply to the CSG-DSE to receive a reimbursement of 100% of the cost of the assessment to a maximum of $3,500.
- Students who sought an assessment to confirm a learning disability but who were diagnosed with a different disability are also eligible for the reimbursement.
- Application for the Learning Disability Reimbursement must be submitted no later than 6 months after date of payment.
- If the Learning Disability Assessment results in a diagnosis of a disability other than a Learning Disability (e.g. Attention Deficit Disorder, etc.), the assessment can be submitted along with an Appendix 8 to verify the student’s disability status and to confirm eligibility for CSFA and SABC accessibility related programs.
ASSISTANCE PROGRAM FOR STUDENTS WITH DISABILITIES (APSD)

PURPOSE
The APSD is designed to supplement the CSG-DSE program for those students with disabilities in post-secondary education programs that have exhausted their CSG-DSE funding in a program year.

The APSD also provides access to exceptional education-related services and/or equipment to students with disabilities taking non post-secondary education programs (Adult Basic Education, English Second Language or Adult Special Education) at a designated public or private post-secondary institution.

APSD funds can be used for all CSG-DSE eligible services and equipment (except for the Learning Disability Assessment Reimbursement) identified in Table 1.

FUNDING INFORMATION
The APSD is a block funded program from the Ministry of Advanced Education, Skills and Training and is administered by public post-secondary institutions. Eligible students can receive up to $10,000 ($12,000 for attendant care) in grant funding for each program year that the student is enrolled in an eligible post-secondary and/or non post-secondary program.

ELIGIBILITY CRITERIA AND APPLICATION REQUIREMENTS
- Students in post-secondary programs who are eligible for the CSG-DSE are eligible for the APSD once they have exhausted their CSG-DSE funding in a program year;
- Students in non post-secondary programs can access APSD funding by applying to their respective public post-secondary institution. The non post-secondary APSD application form is available online at: https://studentaidbc.ca/institution-officials.
- Students in non post-secondary education programs must demonstrate financial need by completing the income section of the APSD application form. Eligibility for funding is assessed using a standard income threshold table based on the student’s family size, and outlines the medical documentation required to verify a student’s disability;
- The adjudication of medical documentation and financial need assessment are reviewed by officials at the post-secondary institution administering the APSD program;
- Students with accessibility challenges attending private designated post-secondary institutions in B.C. can also access APSD funding by having their private post-secondary institution staff forward an email to dpu.studentfunding@gov.bc.ca providing the student’s name and StudentAid BC application number; and,
- The requested assistive equipment and/or services must be described and supported in an attached CSG-DSE Service Request Form.

ADMINISTRATION AND REPORTING REQUIREMENTS
- On August 31st of each year, public post-secondary institutions are required to report information on annual APSD use to the SABC Program Planning Unit. The report includes information on student identification, service and/or equipment type and expenditures. Reporting packages are sent out in June. Please note, students engaged in post-secondary programs that include some non post-secondary (ABE, ESL, ASE) courses can utilize CSG-DSE funding for non post-secondary courses.
LEARNING DISABILITY ASSESSMENT BURSARY (LDAB)

PURPOSE
The LDAB is a Province of British Columbia financial bursary designed to assist students with no, or outdated Learning Disability (Psycho-educational) Assessments access a current Learning Disability Assessment for the purposes of qualifying for accessibility-related StudentAid BC and institution supports.

The LDAB is not intended for students who are already eligible for SABC accessibility related support programs.

FUNDING INFORMATION
The LDAB is a block funded program from the Ministry of Advanced Education, Skills and Training and administered by public post-secondary institutions. Students can receive a one-time bursary of up to $1,800 towards the up-front cost of a learning disability assessment.

ELIGIBILITY CRITERIA AND APPLICATION REQUIREMENTS
- Eligibility for the LDAB is assessed based on the Learning Disability Screening Tool: https://studentaidbc.ca/institution-officials and on the recommendation of the Accessibility Coordinator at the respective public post-secondary institution.
- Applicants must:
  - Be a full or part-time student at a B.C. public post-secondary institution enrolled in a post-secondary program;
  - Demonstrate financial need through the Student Financial Assistance (student loans) application process;
  - Not be in default of a BC Student Loan; and,
  - Not already qualified as a student with a disability with SABC.
- Students make application for the LDAB through the Accessibility Centre at their respective public post-secondary institution. The BC LDAB Application form for internal institution use is available at: https://studentaidbc.ca/institution-officials.
- Accessibility Coordinators should ensure that the Learning Disability Screening Tool is applied when screening potential candidates for the LDAB, especially in situations where there is no previous history or documentation of a learning disability being present;
- The Accessibility Coordinator can recommend either approval or denial of funding based on the eligibility requirements, the results of the screening tool or their assessment of the applicant;
- Accessibility Coordinators should ensure that the applicant signs both the Application Form Declaration (Section 2) and the Undertaking and Assignment (Section 3) (see COVID-19 section for additional information);
- The Undertaking and Assignment outlines the commitment by the student to apply for the Learning Disability Assessment Reimbursement through the CSG-DSE and return any reimbursement amount (up to $1,800) back to the institution;
- If the Learning Disability Assessment results in a diagnosis of a disability other than a Learning Disability (e.g. Attention Deficit Disorder, etc.) the assessment can be submitted along with an Appendix 8 to verify the student’s disability status and confirm eligibility for CSFA and SABC accessibility related programs.
ADMINISTRATION AND REPORTING REQUIREMENTS

• All Learning Disability Assessment Reimbursements the institution applies for through the CSG-DSE program and are approved and received, should be placed into the institution’s LDAB account to support future applicants;
• Public post-secondary institutions in B.C. are provided with annual funding by SABC. Each institution’s annual funding disbursement is up to $10,000 depending upon the previous year’s reported program expenditures and CSG-DSE Learning Disability Reimbursements received; and,
• On August 31st of each year, public post-secondary institutions are required to report information on annual LDAB use to SABC. The reports include information on student identification, study period, assessment cost, etc.

FREQUENTLY ASKED QUESTIONS

Q: Where do I find SABC forms?

A: Forms for student use can be found here: https://studentaidbc.ca/form-library
   Forms for the institutions use can be found here: https://studentaidbc.ca/institution-officials

Q: Does SABC issue T4A tax forms to students?

A: T4A’s for all grant programs are issued by the SABC Directed Programs Unit. APSD blocked funded T4A’s will be issued by the school. T4A’s will be issued to clients who receive funds from the following programs:
   • BC Access Grant for Student with Disability
   • BC Access Grant for Deaf Students
   • Canada Student Grants for Services and Equipment - Students with Disabilities
   • Supplemental Bursary for Students with Disabilities
   • Assistance Programs for Students with Disability for Private Institutions

Q: What happens if a cheque is lost or missing?

A: Cheques will stale date 6-months after the date of issue. If a cheque is lost, missing, or stale dated, please contact dpu.studentfunding@gov.bc.ca

SABC CONTACT INFORMATION

For any questions or inquiries regarding SABC-PD programs or services, please email: dpu.studentfunding@gov.bc.ca
Note: Student Aid BC officers have discretion, on a case-by-case basis, to establish maximum admissible costs for education related services and equipment that related to a student’s disability and to circumstances. Exceptions to the identified costs must be accommodated by a written rational from a qualified assessor and will be reviewed on an individual basis.

## ELIGIBLE EQUIPMENT

<table>
<thead>
<tr>
<th>EQUIPMENT CATEGORY</th>
<th>FREQUENCY OF ENTITLEMENT</th>
<th>NOTES</th>
</tr>
</thead>
<tbody>
<tr>
<td>Complete computer systems, including peripheral devices (keyboard, mouse, headsets, drawing devices like Apple Pencil), MS Office 365 (Student Edition), and warranty (if not included).</td>
<td>Once every 4 loan years (upgrade or replacement, whichever is less).</td>
<td>Includes desktops, laptops, and tablets. Requests exceeding the cap, up to $2,500, can be provided in cases of highly technical programs. Sufficient rationale justifying the higher expense must be provided. Similarly, rationales should be provided for related drawing devices such as a drawing tablet or drawing monitor demonstrating that the functions of the device cannot be performed by another device (i.e.: tablet) for which the student is receiving funding. Computer system purchase price should include a warranty for a minimum of three years. If a computer’s 3-year warranty expires before being eligible for replacement or is damaged in a way not covered by warranty, a replacement computer may be provided in these instances (based on the most cost-effective option), pending clear rationale. Tablets or mini tablets should only be approved if a student has documentation demonstrating that the device is needed to perform multiple functions not performed by any other device (or combination of devices) at a similar cost. Note: Only one computer package (i.e.: desktop, laptop, tablet or mini-tablet) should be approved. However, students with exceptional needs may be allowed to purchase both if sufficient rationale is provided. This rationale must demonstrate that 1) the tablet is needed to perform multiple functions not performed by any other device or combination of devices at a similar cost and; 2) that a laptop or a tablet alone would not meet the student’s disability-related education needs.</td>
</tr>
<tr>
<td>Laptop/tablet carry case</td>
<td>Once every 4 loan years.</td>

Table: Approved Services for the CSG-DSE Grant and APSD Program

StudentAid BC Accessibility Program User Guide 16
| **All-in-one Printer**  
(Printer/Scanner/Copier) | **Once every 4 loan years.** | Printers may be included as part of a complete computer system; however, if a student (1) already has a computer and only needs a printer, or (2) was approved a computer purchase without a printer, then a printer purchase should be approved. The $200 cap remains the same regardless of whether it is an individual purchase, or as part of the overall $2,000 complete computer system cap.

Students diagnosed with blindness or other eyesight related disabilities are exempted from the $200 cap and can purchase a printer up to $500. |
| **Office Software** | **Once every 4 loan years or annually for subscriptions** | It is recommended that office software should be included as part of a complete computer system, however, alternative software purchases may be approved.

Virtualization software to be identified at P/T discretion.

Where disability-related needs require the functionality of a professional version of desktop software, an upgrade may be approved.

Subscriptions can be preferred when necessary for student’s educational tasks and when cost-effective; costs may exceed the cap provided a sufficient rationale at provincial and territorial discretion. |
| **Operating System** | **Once every 4 loan years.** | All computers should come with an operating system; however, if a student uses (or intends on using) disability assistive software that requires an updated or specialized operating system, then the upgrade should be approved. |
| **External monitor** | **One time.** | While external monitors are most commonly recommended for students with low vision this equipment may also be appropriate for other physical or learning disabilities.

Requests exceeding $500 should be accompanied by a sufficient rationale justifying greater cost. |

<th><strong>ELECTRONIC MAGNIFICATION SYSTEMS</strong></th>
<th></th>
<th></th>
</tr>
</thead>
</table>
| Generally referred to as electronic video magnifiers or closed circuit television systems (the latter being what these Guidelines used to refer to). Examples of Electronic Magnification Systems include:  
  • eSight | Once every 7 loan years. | Electronic Magnification Systems should only be approved for students with limited vision. |

<table>
<thead>
<tr>
<th><strong>DIGITAL VOICE RECORDERS/SMARTPENS/READER PENS</strong></th>
<th></th>
<th></th>
</tr>
</thead>
</table>
| Examples of companies that make digital voice recorders and/or Smartpens include:  
  • Sony  
  • Olympus  
  • Philips  
  • The C Pen | Once every 4 loan years, plus replacement costs as needed. | To be used for the purpose of recording of class lectures/discussions, or storage of audio text files (e.g., text books).  
  Specialized recorders – those with, for instance, larger buttons or talking menus – are eligible for purchase provided the student’s documentation includes a rationale justifying the required features.  
  A C-Pen and Livescribe are not eligible to be funded together within a four-year period unless rationale for a repair or upgrade is provided and approved. |

### ASSISTIVE TECHNOLOGY PACKAGE

A variety of assistive technology products (e.g., scan and read, talking dictionary, text to audio, e-text reader, screen magnification) included in a single package. Examples:
- TextHelp

### OTHER SOFTWARE*

* Software should include a maintenance (update) agreement, whenever possible. Subscriptions can be preferred when necessary for student’s educational tasks and cost-effective

<p>| Voice Recognition Software | One time plus upgrades every 2 loan years. | Medical version: For students in medical programs only. Rational outlining requiring for medical version must be provided. |
| Computer-based hearing aid application Example: | Annual subscription or longer term subscription as preferable | Legal version: For students in legal programs only. Rationale outlining requirement for legal version must be provided. |
| Audio to text conversion software Digital recorder with Dragon bundle | One time. | Allows for transfer of voice recorded notes to computer for conversion to text. |</p>

### COVID-19
The COVID-19 pandemic resulted in a rapid transition from in-person to online post-secondary course delivery to support physical distancing. Implementation of physical distancing has meant students with accessibility challenges have experienced restricted access to in-person meetings with medical and institution staff.

The process changes listed below are meant to ensure those intending to apply for supports and facing barriers in doing so due to COVID-19, continue to gain access to CSFA Programs and SABC accessibility-related programs and supports. These adjustments are temporary and will continue for the 2022-23 program year. These adjustments may be extended depending on need.

### APPLICATIONS AND SIGNATURES
TABLE 1: APPROVED SERVICES FOR THE CSG-DSE GRANT AND APSD PROGRAM

Educational institutions, their Accessibility Services offices, as well as physicians’ offices and other health care establishments may continue to have limited in-person services, making original, ink signatures from medical practitioners, students, and administrative officials difficult to acquire. Therefore, substitutes of original, “wet-ink” signatures that follow common practice in the medical community will still be accepted for the 2022/23 program year.

Where students are required to apply for an accessibility program through the Appendix 8 of the Student Loan application form, students may submit the following in lieu of signatures:

- Medical documentation with a medical assessor’s stamp, monogram, letterhead or watermark (something that provides us with an indication of the document’s authenticity);
- Previous documentation (K12 Independent Education Plan, NGO documentation [example – CNIB documents], previous medical documentation);
- Student can type in name and date on Appendix 8 in lieu of printing, signing and scanning; and,
- An email from institution staff supporting accommodations on the Appendix 8.

ATTESTATION OF DISABILITY STATUS

Educational institutions, their Accessibility Services offices, as well as physicians’ offices and other health care establishments may continue to have limited in-person services, which could cause some students to lose access to specialized assessors needed to verify their disability status and submit the requisite verification documents.

In this context, Student Aid BC will continue to accept other medical professionals (e.g. physician assistants) verification of a student’s disability. Students who are approved under these adjustments will not be reassessed in later years, retaining a disability status for duration of their use of CSFA and SABC accessibility-related program supports.

PSYCHO-EDUCATIONAL ASSESSMENTS

Students with learning disabilities are required to submit a valid psycho-educational assessment that was carried out within the previous five years (if conducted before the age of 18) in order to meet eligibility criteria. However, in the current context, they may be unable to acquire new psycho-educational assessments, whether they had one before or not.

Adjudicators will continue to accept the following documentation on a case-by-case basis, where the current standard is not possible:

- psycho-educational assessments conducted before the age of 18 that are no older than seven years (as opposed to the normal standard of five years); and
- where no psycho-educational assessment exists, a medical certificate confirming the presence of a learning disability issued by a registered psychologist or other appropriate medical practitioner.

No reassessments are required for students to retain disability status once verified in the original assessment, and they will continue to be eligible for all disability-related supports.

COVID-19 RELATED EQUIPMENT AND SERVICES

Students with accessibility challenges requiring additional resources for remote service delivery and/or additional hardware/software to accommodate online learning are able to access these with minimal
administrative delays, even if these requests are in excess of the CSFA Program guidelines for cost and frequency of allocation.

In cases where students with disabilities are not able to access signed service delivery receipts, they can have the service delivery vendor email them directly to SABC for processing.
